ACCOMMODATION:

You will stay at one of our beautiful hunting chateaux with antique furniture, luxury rooms with bathroom en suite, comfortable living rooms and separate dining rooms for individual service. We recommend **flying directly to Budapest** where we pick you up and transfer you in our deluxe coach in about 1 hour to one of these 4 magnificent landmarks. **Baroque Castle Szirak, Chateau Bercel, 5***** Chateau PRONAY or 5***** "Eagle Castle"**

OUR SHOOTING ESTATES:

With this program we offer **our 5 best driven pheasant estates for tall birds**, located in the rolling hills north-east of Budapest. In these estates we are able to present the most challenging and tallest birds throughout whole Hungary. (The quality of these shoots far beyond to the pheasant estates in East and West Hungary in the flatland.) Distance from the mentioned chateaux and castles to these top shoots in average just 20-30 miles, so comfortably reachable with our deluxe coach or individually with our deluxe Range Rovers and hunting Land Rovers.

HUNTING ORGANIZATION:

Our company is organizing driven pheasant shoots in Hungary since 1950, so more than 6 decades. We are proud to say these estates are nowadays renowned **as the best driven pheasant estates in whole Hungary** for the tallest and most challenging birds. These shoots are conducted and personally hosted through our subsidiary **JAGD STIEDL Hungary Kft.**, from your arrival till your departure. You will be hosted throughout all the shooting days by our **multilingual and experienced JAGD STIEDL group hosts (Ladies/touring hosts available for non-hunters.)**

DAILY BAGS:

The minimum daily bags we offer in these top estates are 350 birds. Each hunting group may individually choose and name their requested daily bags on time of booking. On average shooting days we count around 500 birds on game parade. Most international groups expect daily bags between 600 and 800 birds. We are able to offer in our top estates even shoots with far beyond 1.000 birds per day, if requested (you name the target - we organize).

HUNTING DAYS:

Our basic program is a 4 days package with 3 nights at the chateau and 2 driven shooting days. Most overseas clients choose our 5 days package with 4 nights and 3 shooting days, mostly with a resting day in between. We are able to offer **great flighted ducks in combination (morning or evening/before or after pheasant shoot)**, as well as a half day or day walked-up pheasants over dogs. Also sightseeing for a day and/or for example **the last night in Budapest at a luxury hotel (surcharge)** can be easily combined with these programs.
